# HELPFUL INFORMATION WHEN USING THIS PROVIDER DIRECTORY

This directory lists physicians, hospitals and other healthcare facilities/providers that are contracted with The Health Plan as of the date this directory was printed. The hospital listing includes abbreviations for each hospital. These abbreviations appear in both the PCP and SCP listings, indicating at which hospital(s) the physician has privileges. If you prefer a specific hospital, make sure the PCP or SCP you select has privileges at this hospital. Please refer to the listing of "Participating Hospitals" for an explanation of the abbreviation used for each hospital.

# Tertiary Hospitals

When a Participant requires specialty care or services not available through our local in-plan network of providers, then his/ her physician will refer them to one of The Health Plan's participating tertiary providers. Referrals to non-participating providers will not be authorized by The Health Plan if the required services can be provided by our Tertiary network. All Tertiary services will be referred to participating tertiary facilities unless, of course, the facility is unable to provide a particular service, at which time, The Health Plan may give prior approval for another facility.

Remember, out-of-area referrals to both participating and non-participating facilities must be preauthorized by The Health Plan Medical Department and will not be approved after the fact except for true documented emergencies.

If you have any questions about Tertiary facilities or any other subject, please call us at 1.888.847.7902, TDD/TTY: 1.800.622.3925.
